

THREE NEW TITLES FROM SANTORELLA PUBLICATIONS

TEACH YOURSELF GUITAR is the first in a series of books that were initially created as an impulse product for a typical independent “Guitar & Amp” shop. In a market flooded with similar products, we swiftly learned that our series was more than just a quick fix for the beginner. Although titled, “**Teach Yourself Guitar**”, this book contains much more than basic guitar instruction. Accordingly, “**Teach Yourself Guitar**” has become the standard for countless educators as a private lesson study guide.

There are numerous products on the market that falsely proclaim incomprehensible results in just minutes. Unfortunately, none of these products cultivate permanent advancement. Becoming a better musician is only possible through hard work, discipline and dedication.

Our challenge was to create an approach to guitar that was easy to understand and followed a logical “step by step” progression. To truly master the guitar, one must have their eyes set on short-term goals in order to achieve long-term results. We are proud to say that we have met this challenge by providing a proven curriculum to learning the many facets of playing the guitar in this one of a kind guide. ____ **TS71612 • \$18.95**

This series includes; *Teach Yourself Guitar*, *Teach Yourself Fingerpicking Guitar*, *Teach Yourself Lead Guitar*, *Teach Yourself Rock Licks*, *Teach Yourself Blues*, *Teach Yourself Rhythm Guitar*, *Teach Yourself Scales & Modes*, *Teach Yourself Chords & Progressions* & *Teach Yourself Bass Guitar* (Teach Yourself Guitar, Fingerpicking Guitar & Bass Guitar have also been translated to authentic Spanish editions.)

MAKE IT FUNKY

.... is a celebratory investigation of the classic funk sounds and styles of the FUNK ERA (1965-1980). Within these 80-page books, you'll uncover the techniques and styles of the funk-masters that made it all happen.

Make It Funky – Bass Edition includes examples of finger-style, slapbass, thumping & plucking, ghost notes, dead notes, the use of “blue notes,” funk tone sets, funk articulation, funk ostinato patterns, vamp improvisation & much more. This bass edition will develop your understanding & application of FUNK harmony; from chord to chord progressions, to double-stops, to single-note lines within a funk riff. ____ **TS378 • \$18.95**

Make It Funky – Guitar Edition introduces the essential vocabulary for funk-guitar. This incredible assortment includes strumming, scratching, skanking, bubble picking, funk articulation, muted notes, dead notes, and “Swunk” styles. In addition, you'll build your understanding and application of funk-style harmony (major, minor & dominant styles). ____ **TS379 • \$18.95**

MAKE IT FUNKY

.....is an absolute must for any serious guitar or bass student that likes to groove. The performance CD includes every example in the styles of those who made them famous. This fantastic collection features the styles of **James Brown, Parliament, Funkadelic, The JB's, Kool & The Gang, Prince, Tower Of Power, Sly & The Family Stone, The Meters, Larry Graham, The Average White Band, Rufus, Maceo Parker, The Bar-Kays, Zapp, Bernard Edwards of Chic, Ohio Players, Chuck Brown & The Soul Searchers, The Brothers Johnson, The Fatback Band** and other artists from the “FUNK” era.

So as James Brown would say, **“Let’s” – “Make It Funky!”**
