"The Best of Christmas Piano Vocal Songbook," available with or without CD, is a set of popular arrangements of 28 beloved familiar Christmas carols. Arranged for piano and medium vocal range, all songs are of easy to intermediate difficulty to perform. "The Best of Christmas" includes such secular numbers as "Up on the Housetop," "Rudolph the Red Nosed Reindeer," and "Jolly Old St. Nicholas" in addition to many more traditional carols and songs of Christmas. "The Best of Christmas" should provide easy holiday entertainment and recreation for many recitals, parties, gatherings, and performances. All arrangements are fully scored and illuminated.
